

BRIJESH S VISHWAKARMA

Web Developer

PROFILE

Passionate and detail-oriented Frontend Developer with a solid foundation in web development and a keen interest in creating engaging, responsive user interfaces. Proficient in HTML5, CSS3, Tailwind CSS, Bootstrap, and JavaScript, with hands-on experience in building dynamic web pages and intuitive UI designs. Skilled in using React to develop reusable components and manage state efficiently for seamless user experiences. Familiar with backend technologies like Node.js and MongoDB. Continuously exploring best practices in React and modern frontend development to deliver clean, maintainable, and high-performance code.

Login Page Of Instagram & Twitter(X)
This Page is Developed using **HTML5 & CSS3**. This application helps me to know about how the logics should be used for Login pages as Frontend

SKILLS

EXTRA CURRICULAR ACTIVITIES

Beach Cleaning tie up with VVMC [RRR Center]

In this campaign, I actively contributed to our environment, striving to promote the vision of 'Green India, Clean India' for a healthier and sustainable future.

Blood Donation Campaign

I led this campaign, learning to guide a team effectively and communicate well to satisfy others while fostering teamwork and leadership.

NSS Residential Camp

As I joined this camp, I truly felt the struggle of survival during disasters and the importance of helping others. I realized the deep meaning of 'Not Me, But You,' understanding that selflessness and unity are the true strengths that guide us in times of crisis.

Tree Plantation

During this activity, I felt the deep need for plants—they bring life, peace, and balance, nurturing both nature and our souls.
